## Schedule Planned

### TB Mobile X-ray Unit To Visit Four District Points

Four district points, Carmangay, Champion, Kirkcaldy and Lomond, will be visited by the T.B. Association's mobile X-ray clinic early this month.

On Aug. 2 and 3, the clinic will conduct an X-ray survey at Carmangay, starting at 2:00 p.m. in the community hall on Aug. 2, and continuing the morning of Aug. 3, from 9:30 a.m. to 12:30 p.m. The anticipated number to receive free chest X-rays at Carmangay is 414. Mrs. K. Coombs is chairman of the Carmangay survey.

On Aug. 4 and 5, the mobile clinic will be at Champion and in operation from 9:30 a.m. to 12:30 p.m. and 2:00 to 5:30 p.m. each day.

Anyone in the Champion area who has not been contacted and given a time appointment is asked to report to the committee in charge at the Community Hall on the Saturday morning, Aug. 5.

On Monday, Aug. 7, the clinic will visit Kirkcaldy between 2:00 p.m. and 5:30 p.m., at the community hall. Mrs. E. M. Carnegie is chairman for the Kirkcaldy area and it is expected that 134 persons will be examined.

A two-day mass chest X-ray survey will be conducted at Lomond by the mobile X-ray unit of the Alberta Tuberculosis Association on Tuesday and Wednesday, Aug. 8-9.

The clinic will operate on Aug. 8, from 2:00 p.m. to 5:30 p.m. and on Aug. 9 from 9:30 a.m. to 12:30 p.m. and 2:00 p.m. to 5:30 p.m. It is anticipated that a total of 729 people will take advantage of this free chest X-ray service. The unit will be located at the Lomond Community Hall.

Mrs. E. J. Gerhan of Lomond is general chairman of arrangements for the X-ray clinic.

## SERVICE BOARD NOTES

**Application For Freight Assistance**  
Assistance is applicable to bona fide farmers and ranchers residing in and east of Range 22.

All applications for assistance must be received by the Alberta Department of Agriculture before March 31, 1962.

Information required for making out applications is:

1. Home land location.
  2. Location where livestock was pastured or hay or grain purchased.
  3. Name and address of farmer providing pasture or selling hay or grain. (c) Distance and direction from nearest town.
  4. Number of miles of movement (one way).
  5. Date of movement.
  6. Cost per ton of hay and cost per bushel of grain.
  7. Number of animals being moved or fed.
  8. Number of tons of feed grain or hay purchased.
  9. Receipted truck expense bill or receipt for hay or grain purchased must accompany application.
- Applications for movement of hay by rail must be made to the Field Crops Branch, Department of Agriculture, Edmonton. Forms for assistance are available at the County Office.

**Perennial Thistles**  
Canada and Sow Thistle are showing up in many places in the County.

These weeds are perennials which cause a great loss to many farmers every year. They spread by a creeping root system that sends up shoots forming new plants, and by a parachute type seed which can float for miles in the wind.

As they are perennials, they do not produce all their seed at once. A patch of thistle that appears to have gone to seed will, in many cases, keep producing seed for many days.

Thistles should be controlled before they go to seed and as they continually produce new plants, control measures should be repeated. Control can be obtained by spraying with an herbicide, cutting the foliage, cultivation or sterilization of the soil.

Many farmers are going to a

### County Buys RCAF Houses As Teacherages

The County of Vulcan has purchased four two-unit married quarters buildings at the RCAF Station, Claresholm, and these will be moved and used as teacherages at Milo, Lomond and two other points in the County.

Each building contains two suites — one with two bedrooms and one with three bedrooms — and each suite is fully self-contained with separate furnaces, bathrooms, etc. They are reported to be of excellent construction, originally costing the government over \$20,000 for each building.

The County has purchased four of the double buildings at \$2,500 each, or a total of \$10,000, and they will be moved soon to serve their new purpose of providing living accommodation for County teachers.

Motorists are getting so concerned over the number of miles they can get per tank of gas that the auto manufacturers are going to be forced to enlarge the size of the tanks.

## Brief Items of Local Interest

Miss Betty Hammer of Grand Prairie has been visiting with her father, Lou Hammer and with her brother, Dick and family.

Mr. and Mrs. Gordon Johnson and family of Stoney Plain, Alta., spent the weekend with the latter's parents, Mr. and Mrs. Greg Fath. They had just returned from a holiday at Victoria, B.C.

Mr. and Mrs. J. Buckley have taken up residence in the former Schrag home on main street.

Mr. and Mrs. Ken Gordon of Calgary spent a long weekend at the home of the latter's parents, Mr. and Mrs. A. W. MacDonald. Also recent guests at the MacDonald home were their nephew and niece, Mr. and Mrs. Ronald Downey of Winnipeg.

Dr. and Mrs. Fred Schneider and children spent the weekend at Medicine Hat.

Mrs. N. Bucholtz and boys have returned from a holiday spent with the former's parents at the coast.

Kay Williams of Trail, B.C., is presently visiting at the home of her uncle and aunt, Mr. and Mrs. Cliff McAskill.

Mr. and Mrs. M. D. Morehouse and boys of Hudson, Wis., are spending a two-week holiday with Mrs. Morehouse's parents, Mr. and Mrs. S. W. Hill and other relatives here.

Ed Arney and son, Edward, of Calgary were business visitors here the first of the week.

The Robert Warden and Naaman Budd families were Sunday night guests at the 4-Star "Stop Inn" motel at Coleman, operated by Mr. and Mrs. R. Nimz, Sr., formerly of Vulcan. Mr. and Mrs. Nimz are achieving outstanding success in this new venture, where rapidly expanding industry is set against a background of beautiful mountain scenery. They report patrons from as far away as England, Honolulu, and Brisbane, Australia.

Mr. and Mrs. Al Kohl and family of Clarkston, Wash., were recent guests at the home of Mrs. Kohl's sister, Mr. and Mrs. Lorne Henry. During their stay the Kohls and Henrys met the L. M. and R. B. Williams families of Arrowwood for a camping trip to the Highwood, where Mrs. Henry, Gayle and Anita Kohl celebrated their mutual birthday.

Miss Carolyn Henry attended the wedding of her cousin, Gene Henry

lot of work and expense to control thistles on their farms, while others do not appear to be concerned. If a farmer has a patch of thistles, he should consider his neighbors and do his best to stop them from spreading. We will always have thistles, but with the co-operation of all farmers, they can be controlled.

The 7,000th Albertan to be trained under the Province's apprenticeship training program is a 21-year-old Innisfail resident, Benjamin A. Giles. He recently completed a four-year apprenticeship term as a motor mechanic.

Alberta's apprenticeship pro-

gram was organized in 1944 and the registering of apprentices in nine designated trades commenced the following year. Since that time 7,000 persons have acquired trade training, and at the present time nearly 4,800 apprentices are indentured in a total of 21 trades.

## \$5 Ton Subsidy

### Surplus Fodder "Bank" For Salvaged Crops

In order to encourage farmers to salvage as fodder, cereal crops which will likely not produce economic yields as grain, the Government of Canada and the Government of Alberta will share equally in providing assistance to farmers who assign such fodder to a Municipal Fodder Bank. Fodder so assigned will be held as a reserve to supply deficient areas.

Areas to which the Municipal Fodder Bank Policy will apply are: Improvement District No. 11; Improvement District No. 22; County of Forty Mile No. 8; County of Warner No. 5; County of Vulcan No. 2; County of Wheatland No. 16; M.D. of Starland No. 47; M.D. of Acadia No. 34; Special Areas No. 2 and No. 3.

Applications under this Policy will be received until Aug. 7, 1961. Cereal fodder baled after Aug. 7, 1961 will not be accepted under the Policy.

Approved applicants will be paid a subsidy of \$5.00 for each ton of cereal fodder in surplus to his own requirements, after the fodder has been baled, properly stacked and assigned to the Municipal Fodder Bank.

The farmer assigning fodder to the Municipal Fodder Bank agrees: (1) Not to sell any fodder before October 1, 1961 unless provided with an order from the Municipal or County office.

(2) To sell the fodder at a price not to exceed \$15.00 per ton.

(3) To assume full responsibility for the disposal of the fodder after October 1, 1961 if the municipality or county does not require the fodder after that date and so advises the farmer.

Fodder supplies in the Municipal Fodder Bank, if in surplus, may, upon authorization of the Minister of Agriculture or his representative, be offered for sale to other fodder deficient areas of the province.

No fodder crop subsidy will be paid to farmers who harvest cereal fodder for their own requirements.

Each county requesting the establishment of a Fodder Bank will be required to keep a "Fodder Bank" account book containing a complete record of the disposition of each farmer's assignment of fodder. Fodder for assignment to the bank will be inspected by county fieldmen to determine quality and tonnage.

Application forms will be available through county offices. Applications, when fully processed by the county, will be forwarded to the Field Crops Branch, Alberta Department of Agriculture for payment.

Driving experts recommend the following rules for night driving:

- 1—Break long trips into easy stages.
- 2—Do not drive when over-tired; stop for coffee or a short nap.
- 3—Effects of many "wake up" pills may be unsafe for drivers.
- 4—Night driving requires slower speed than daytime driving when visibility is good.
- 5—Pump your brakes several times to give drivers a good warning when you are about to stop.
- 6—Always dim headlights when approaching or following other cars.
- 7—Pull well off the highway if you must stop for repairs or other reasons; do not get out of the car on the driver's side.
- 8—Always carry flashlight or flares to warn other drivers of your position in an emergency.
- 9—Never travel with too many people in the car.

A person can get just as drunk on water as on land.

Any man who looks up his family tree is apt to get out on a limb.

If success made the heart swell like it does the head, this would be a far better world.

## July Rains Brighten Picture

### Crop Survey Shows Prospects Best In Northern Part of County

A survey of crop conditions in the County of Vulcan was conducted this week by the Advocate with the co-operation of Alberta Wheat Pool and Searle Grain Co. agents at points contacted.

The survey showed a wide variation in anticipated crop yields this year, with the northern half of the county, because of greater rainfall and better moisture reserves, expecting the best yields.

The Arrowwood district, with an estimated yield of 16 bushels of spring wheat per seeded acre, comes closest to the 30-year spring wheat average of 18 bushels per acre for this part of Alberta. The Milo district follows closely with an estimated wheat yield of 14 bushels per seeded acre and an average wheat yield of 15 bushels is expected at Blackie. Mossleigh was not contacted, but it is understood that the Mossleigh and Hernton districts also anticipate an average wheat yield of 15 bushels per acre.

Poorest crop conditions this year are at Lomond, which has received less rainfall this year than any other district contacted. Many stubbled-in fields have been plowed under this year and average yield of spring wheat is estimated at only five bushels per seeded acre. The best wheat crops at Lomond may yield up to 15 bushels per acre.

The bright spot in the general picture is the manner in which flax crops apparently withstood the dry month of June and are now showing good promise following the rains in July. Estimates of average yields on land seeded to flax range from 5 to 11 bushels per acre. Fall rye is also reported as yielding better than expected, with estimates ranging from 10 to 18 bushels per acre.

Hail damage has not been heavy this year in the county, up to this time at least, with damage up to 25% being reported from a small area west of Vulcan. South of the county boundary, a devastating hail storm hit the Barons district last weekend, with many crops a total loss.

## SURVEY DETAILS—

**VULCAN**— Estimated yields (based on seeded acreage): Wheat 12, barley 16, oats 20, flax 10. Rainfall: April 1.30, May 1.88, June .53, July 2.69. Total rainfall to July 31: 6.40 inches.

**CHAMPION**— Estimated yields: Wheat 7 (the best wheat crops in this district will yield up to 20 bushels per acre but many stubbled-in crops are being plowed under or cut for feed), oats 15, barley 15, flax 8, rye 18. Total rainfall at Champion, April 1 to July 3, has been 4.25 inches.

**CARMANGAY**— Estimated yields: Wheat 9, oats 12, barley 10, flax 8, rye 12. Rainfall April 1 to July 21, 5.51 inches total.

**LOMOND**— Estimated yields: Wheat 5, oats 12, barley 10, flax 5, rye 10. Total rainfall May 1 to July 31, 4.10 inches.

**BLACKIE**— Estimated yields:

Wheat 15, oats 20, barley 20, flax 10.

**MILO**— Estimated yields: Wheat 14, oats 35, barley 24, flax 11, rye 15. Total rainfall, April 1 to July 31, 6.02 inches.

**ARROWWOOD**— Estimated yields: Wheat 16, oats 35, barley 25, flax 8, rye 15. Total rainfall, April 1 to July 31, 7.90 inches. In an area south-east of Arrowwood, rainfall was considerably less and in this part of the district crops are poorer.

Good rains hit almost all parts of the county the latter part of last week, ranging from about one inch in the south to almost two inches in the north, and will aid considerably in helping all crops to fill.

## Four Vulcan Cadets Attend Camp At Clear Lake, Man.

Arriving by bus and train, some 250 youngsters from Army Cadet Corps all over western Canada, began a two-week stint at the Clear Lake Army Cadet Camp in Riding Mountain National Park, Man., July 24.

In this second of three two-week junior leader's courses being held this summer in this tented camp some 75 miles north of Brandon, the boys will enjoy an outdoor life of drill, fieldcraft, organized sports and training in physical education supervised by experienced Army and civilian instructors and judging by the first course, many parents can expect to see an improvement in their sons' physical condition, especially in their weight. For the ration scale of each cadet is half as much more than that of the Regular Army soldier. Good wholesome food with lots of milk to drink is quickly consumed after a full day's training in the fresh air and sunshine.

The two-week course is designed to bring out the qualities of leadership, discipline and citizenship in the boys to enable them to become junior leaders in their cadet corps and communities, with emphasis on subjects which will instill maturity and self confidence, and further develop their mental, moral and physical standards.

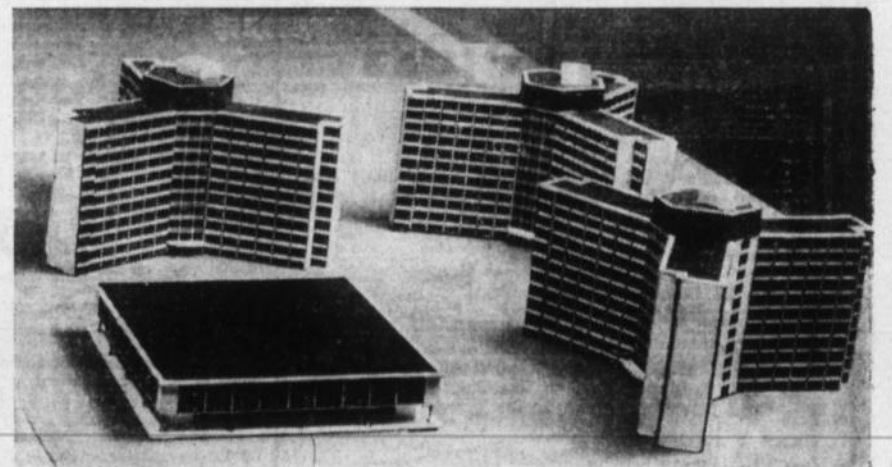

The Vulcan boys attending this course are Bill Perley, Ronnie Brooks, Bernie Swanson and Hubert Broers, all members of No. 1035 Calgary Highlanders Cadet Corps.

## Cancer's Danger Signs

The Canadian Cancer Society lists these Seven Danger Signals as possible signs of early cancer:

- (1) Unusual bleeding or discharge.
- (2) A lump or thickening in the breast or elsewhere.
- (3) A sore that does not heal.
- (4) Persistent changes in bowel or bladder habits.
- (5) Persistent hoarseness or cough.
- (6) Persistent indigestion or difficulty in swallowing.
- (7) Change in a wart or mole.

These signs do not always mean cancer but if you see them, see your doctor. If they are caused by cancer, early treatment is essential.

Construction will commence late this year on a \$9,000,000 student accommodation project at the University of Alberta in Edmonton.

The project includes three 11-story "Y" shaped residences designed to house a total of 1,800 students. Two buildings will provide accommodation for male students and one will be used for female students.

## GARAGE SERVICE

Open on Sunday from 10 a.m. to 5 p.m., from 8 a.m. to 6 p.m. week-days, and 8 a.m. to 9 p.m. on Saturday, this coming week.

Richardson & Gould Ltd.

The residences will be located immediately west of the Northern Alberta Jubilee Auditorium. Construction is to be of reinforced concrete and masonry. All rooms are to be simply but functionally furnished for two persons.

Other accommodation in each of the three buildings includes a suite for a resident supervising faculty member, a library and study room, a common lounge and

study area on each floor and modest recreational facilities.

In addition to the residences, a central food services building is being planned. Costing approximately \$2,500,000 equipped, this structure will provide the cafeteria services for the residences as well as additional recreational area facilities, laundry and of instruction accommodation.

## The Spirit takes flight for its eternal home

As the spirit wings homeward at life's ending, family and friends gather to honor the memory of one who has been dearly loved. To surround these final moments with beauty and dignity is our constant endeavor.

BRITISH CAR COMPANY ANNOUNCES NEW MODEL— A new, more powerful version of the highly successful Austin Healey 3000 has been announced by a British car company. Named the 3000 Mk II, this latest Austin Healey is here seen in its two-seater form. It is powered by a

further development of the 2912 c.c. six-cylinder engine which now has three carburetors boosting its output from 124 brake horse power to 132 brake horse power. The new 3000 sets the future trend in thoroughbred sports cars in having seat belt attachment points included as a standard fit-

ting. It has a body basically similar to its predecessor, but is recognizable by a radiator grille with vertical slats and a new badge. Powerful disc brakes on the front wheels are coupled with hydraulic drum brakes on the rear to ensure straight-line stopping.

News budgets from district correspondents must be received at the Advocate office on Saturday or Monday in order to allow sufficient time for them to be set into type for Wednesday's paper. Contributors of items of news to district correspondents are asked to please make note of this and, by their co-operation, thus assist their correspondent in getting her news in in time for that week's paper. Your help and interest are appreciated.

Marjorie Little left on Friday, July 19, by TCA for Lemoineville, P.Q. She was one of five southern Alberta representatives chosen to attend a week long CGIT Leaders Conference. It is the first time since 1921 such a conference has been held.

About 40 relatives and friends surprised Mr. and Mrs. Frank Little recently on the occasion of their 25th Wedding Anniversary.

Mr. and Mrs. Roy Roberts of California were recent visitors at the home of Mr. and Mrs. Bud Roberts. They also visited friends in the town and district.

Mr. and Mrs. Alex Latiff of Calgary and Mrs. Mella Jopling of Grand Junction, Colo., were visitors at the home of Mrs. Libby Latiff on Thursday of last week.

The family of Mrs. Adam Ferguson gathered at the Little Bow Park recently to celebrate Mrs. Ferguson's 80th birthday anniversary. Relatives from Claresholm also attended and everyone enjoyed the picnic supper.

Mrs. Bill Jones and children of Calgary have been camping at the Little Bow Park for the past two weeks.

Mr. and Mrs. Walter Griffin and family and Mr. and Mrs. Frank Griffin are attending a family reunion at Republic, Wash.

Gerald Groves returned Tuesday evening of last week after spending three days at Grand Prairie and Debolt.

The Champion Volunteer Fire Brigade answered a call from the Walter Griffin farm on Thursday afternoon, when the barn was struck by lightning. The building was completely demolished, but the brigade was kept busy spraying adjacent buildings.

Heavy rains that have fallen in Champion and district during the past week have been very welcome. Rain gauges have reported two inches, and while some crops will not benefit from it, everyone seems to be more cheerful.

Mr. and Mrs. Vernon Jordan and family left on Saturday to visit with Mrs. Jordan's mother, Mrs. Dan Ramage and Mr. Ramage at Watson Lake, Yukon Territory.

Mr. and Mrs. Ernie Douville and family of Pontex, Sask., visited in town for several days en route to their home.

Mrs. Rita Mundle of Calgary has been visiting her parents, Mr. and Mrs. Lorne Lucas.

Mr. and Mrs. Tom Sanderson of Michel were recent visitors at the Jack Sanderson farm.

Bill Christensen recently underwent major surgery in a Calgary hospital.

Mrs. George Doyle has returned home after being a patient in the Carmangay Hospital for several days.

Mr. and Mrs. Ken Bloxham and family have returned home from a holiday spent at Sylvan Lake.

Mike Yackulic was a patient in the Vulcan Hospital for several days where he was treated for broken ribs.

Mrs. Grace Harper received word last week her nephew, Don Bond, had been severely injured when he fell from a horse. However the latest report received on Saturday morning is that he is on the road to recovery. He is in a hospital at Prince George, B.C.

Mr. and Mrs. Clarence Rhodes, Mr. and Mrs. Merlin Rhodes and Kathy, Gordon Rhodes and Gary Schneider were Waterton Lakes visitors on Sunday.

Mr. and Mrs. Stan Munton, accompanied by Mr. and Mrs. Donald Steins and Timothy spent Monday in Lethbridge.

Mr. and Mrs. C. H. Gloer had as their weekend guests their son, daughter-in-law and grandchildren from Calgary.

Mr. and Mrs. Amos McLeod and family, Miss Levers and Miss Cummings are spending their holiday at Kimberly, B.C., and other points.

H. Cummins motored to Waterton on Friday to get Mrs. H. Cummins who had spent the week as a leader at the Co-ed Camp at Red Rock Canyon.

### UNITED CHURCH CAMP

Those attending the United Church Camp at Red Rock Canyon last week were Donna Flemming and Linda Cummins of Champion, Beth Wilson, Barbara Ness, Vicki Wellman, Dennis Sparks, Doug Scott, Brian O'Reilly of Vulcan and Heather Stannard and Marlene Honess of Lomond. Mrs. H. Cummins of Champion was a leader.

The group enjoyed an overnight hike to Lost Lake, Sage Pass and Twin Lakes, a hike to the top of Mt. Crandell with the Park Warden, a hike up Goat Ridge to find the Coppermine and an Indian pow-wow led by Chief Big Eagle of the Blood Reservation at Cardston, as well as swimming at Lake Crandell and Coppermine Creek, handicrafts, nature study and Bible study daily.

Judy K. Chrisensen, Pat Smith, Norman Larkins and James Wilson were among those obtaining honor standing in Grade 10. The four students were among the six who obtained honor standing in Grade 9.

Recent visitors at the C. G. Miller home were Mrs. Miller's niece and her husband, Mr. and Mrs. Vic Loseth and their small son, Ricky of Saskatoon. Mr. and Mrs. Miller's nephew, Calvin Russell of Blackwood, Sask., is also a visitor.

### CELEBRATES 85th BIRTHDAY

Mrs. Arie Johnson was pleasantly surprised on the occasion of her 85th birthday when relatives and friends called at her home, south of Blackie.

A corsage of pink carnations was given to the honored guest as well as an array of miscellaneous gifts from the many guests. A lovely "85" birthday cake, made and decorated by Mrs. Elizabeth Seney of High River, for the occasion graced the birthday table where lunch was served by Mrs. Helen Mayer, Mrs. Calvin Johnson, Mrs. Gordon Seney and Mrs. Ted Seney.

Nine grand children, five great-grand children and one great-great grandchild were present to wish Grandma many more happy birthdays.

### CROP REPORT

Almost all crops in the Blackie district will be harvested and estimated yields are: Wheat, 15 bus. per acre; barley, 20; oats, 20 and flax, 10. There is a large acreage of flax sown, all showing very good growth.

In the past two weeks, five inches of moisture has fallen and surface moisture is good, sub-soil moisture is fair. Although there will be no hay surplus, there will be sufficient for livestock needs. Swathing winter wheat has been started, about 15% of rye is swathed and barley crops will be ready in about two weeks. Rape seed crops are looking fair.

If you can't get behind a movement for the good of the community, the least you can do is get out from in front of it.

## Blackie News

Friends of Mark Yeomans are very pleased that he is able to be home again.

Mr. and Mrs. Frank Lewis and Lorne Gier accompanied Mr. and Mrs. Lorne McIntosh to Pincher Creek and Waterton.

Mrs. Sam Daigneau has returned to her home in Montreal, following a lengthy visit here with her mother, Mrs. Mary Elliott and other relatives.

Congratulations are extended to Mrs. Floyd Stearns whose Beauty Parlor opened on Aug. 1.

Miss Lynda Bayford spent the past week visiting at Indus at the home of her uncle, Ted Braunwarth.

Miss Velma Egeland who has been taking a course in nursing aid, has been posted to the High River Hospital for a ten-week training period. Following this, she will be posted to another hospital for ten weeks before writing the final exams of the course.

Mr. and Mrs. Vic Birkenes and Mrs. Marvina Hendricks were en route berry picking last week when a wheel came off the truck in which they were travelling. They were within four miles of the berry patch, but had to return home empty handed.

Mrs. Amy Stokes and family, Mrs. Grace Marks, Mrs. Hazel Beagle, Mr. and Mrs. Stencil Chambers and Mrs. Sis Stokes went berry-picking too. Stencil had trouble with the steering on his car but they made it to the berry patch to get a few saskatoons.

A most welcome rain fell on Friday of last week, measuring 1½ inches in 24 hours. Several farmers are cutting their sloughs for green feed; some are cutting all the fields and several others are having hay hauled in.

On Friday of last week Mr. and Mrs. Harold Magnuson and the Montgomery boys, also Mr. and Mrs. Alvin Hendricks and Todd, Mr. and Mrs. Gordon Lucas and family went berry-picking west of Conamara. Everyone got soaked with the rain but all had a good time.

Mr. and Mrs. Frank Stokes attended the show in Vulcan Friday evening.

Mr. and Mrs. Stan Marks and Mr. and Mrs. Orville Herman were Friday visitors in Lethbridge.

George Stokes and Irwin Bennett attended the ball games in Lethbridge on Friday.

## Armada News

News budgets from district correspondents must be received at the Advocate office on Saturday or Monday in order to allow sufficient time for them to be set into type for Wednesday's paper. Contributors of items of news to district correspondents are asked to please make note of this and, by their co-operation, thus assist their correspondent in getting their news in time for that week's paper. Your help and interest are appreciated.

(Too Late For Last Week)

## You Never Saw... a Newspaper

Thrown into the gutter or waste basket before it was read, did you?

But waste baskets and gutters are constantly filled with unopened expensive direct advertising, sales ammunition shot into the air.

A newspaper always commands an audience with prospective customers. It is never thrown aside without first being read from cover to cover. Then it is borrowed by the neighbors.

That's why intelligent, attractive newspaper advertising is accepted as the most effective form of advertising your business.

An advertisement in this paper will reach over 90 percent of the buyers in the local trade territory. The cost is very small, and besides we do the mailing and pay the postage.

### Move Against Loan Sharks

Watch for more pressure on government to peg interest rates on second mortgages, installment credit and cash loans over \$1,500, writes Norton Anderson in The Financial Post. Lenders want "sensible" legislation now, "before aroused public forces ridiculously restrictive laws."

Recently a judge said that an effective interest rate of 27.5% charged by an investment mortgage company was "an abomination." He broke the loan agreement.

Some private mortgage lenders (not restricted by law in Canada) are charging up to 75% per annum interest. Some small loan rates may not look so high on the surface. Paying \$50 on \$1,000 may appear to be 5% to the uninitiated, but if he has to pay the money back in a month, it's an effective annual rate of 60%. Service charges and discounts are other ways rates are boosted.

Of course, many non-business borrowers in Canada are protected by law and the good reputation of our better money-lenders. But there are wide-open holes, and some operators are cashing in with interest rates far beyond the risk potential. Reputable/money-lending institutions see real danger in this.

### Letters to the Editor

651 Ragle Rd.  
Sebastopol, Calif.  
July 24, 1961

To the Editor of The Advocate,  
Dear Sir:

We have read your paper for a number of years and have enjoyed your editorials very much. For the most part we are in complete accord with one notable exception:

Re. 48th Year No. 50 "Facts on the Alaska Hiway."

I have no doubt that most of your readers have read the excellent article which recently appeared in the Reader's Digest entitled, "Is U.S.-Canadian Friendship Growing Thin?" Maybe these people are not so anxious to have the U.S. pave your roads for the American business man to make some more of his fast bucks!

After this country has squandered its oil and gas reserves in the name of progress you let her (or him) move in and do the same thing to yours.

Wasn't it an American who recently made the statement, "Africa for the Africans?" What is the matter with "Canada for the Canadians?" You have given way on air bases -- the D.E.W. Line and in many other ways. How much further does anyone (your own people or the Americans) expect you to go.

My wife and I have a stake in Canada as all of her folks farm near Milo.

My suggestion is simply this: Sell your gas and oil at a decent price to the U.S.A. Then take the money and pave that damned road; then charge the fast buck operators who use the road all the

traffic will bear, as the saying goes.

If the U.S. doesn't care for the arrangement tell 'em to use a row-boat. — Good luck.

Sincerely yours,  
Holcombe V. Waser.

### BRANT

#### C.W.L. MEETING

The Brant C.W.L. met on July 20, at the home of Mrs. Flebotte with a small attendance. President Mrs. Messerli opened the meeting with the league prayers.

The committee in charge advised that linen and lace have been ordered and it is hoped the new alter linens will be made up for First Communion Day, Sunday, Aug. 20. Several members voiced their desire to go to the Cochrane Retreat, Aug. 8 to 10. It was with regret that President Mrs. Messerli accepted the resignation of the secretary, Mrs. Heather, who is moving away. Mrs. A. Ginngrass volunteered to take her place.

Following the adjournment of the meeting Mrs. Gallagher lead a discussion on the Cameron Report. Mrs. Henault won the tea prize. A lovely lunch was enjoyed by all.

Next meeting is to be held at the home of Mrs. Wollersheim with Mrs. G. Lewis and Mrs. Southgate on lunch committee.

It's no longer something special when the Texas legislature has a special session. Fact is, it's getting rather routine.

Keeping the son's picture on your office desk will help you road; then charge the fast buck operators who use the road all the

At all clinics, Polio Vaccination will be given to all persons wishing it.

Re: Adult Polio Booster Injections:—All adults who have completed the series of three polio injections prior to December 1957 may receive their first booster at any of our regular Baby & Pre-School clinics.

These well-baby clinics are held for the purpose of weighing and measuring infants and toddlers, and discussing any problems with parents regarding feeding, training and general care. Your child should be immunized at the following times: Starting at three months of age, a series of four doses, three at monthly intervals and the fourth, six months later, of the combined vaccine containing diphtheria, whooping cough, tetanus and polio (D.P.T. Polio). A booster dose of the above vaccine should be given at three years of age. A further booster, Diphtheria, Tetanus and Polio (D.T. Polio) should be given prior to school entrance.

Smallpox vaccination should be started any time after three months of age and before the child is one year old with revaccination taking place every fifth year thereafter. There is no charge at these clinics which are a service of the Foothills Health Unit.

It's the Pompador style in baths, and model Fay Richards keeping fresh in one of them, at this year's Ideal Home Exhibition, organized by the "Daily Mail" newspaper and held at Olympia,

London, England. Fourteen bathroom settings—the largest display of baths and bathrooms ever shown at an Ideal Home Exhibition—are to be seen this year.

## District News

News budgets from district correspondents must be received at the Advocate office on Saturday or Monday in order to allow sufficient time for them to be set into type for Wednesday's paper. Contributors of items of news to district correspondents are asked to please make note of this and, by their co-operation, thus assist their correspondent in getting her news in time for that week's paper. Your help and interest are appreciated.

#### MOSSLEIGH

A very successful Vacation Bible Class was held in the Mossleigh Church this past week with about 26 students present. Judith Leslie and Marlene Bertschy looked after the primary class and Mr. and Mrs. R. Smith each had a class of the older students. Closing exercises were held on Thursday afternoon. Besides local students there were three boys from Calgary and four girls and a boy from Farrow.

Last week five young people attended 4-H Club Week in Olds: Lana Scott for the Girls Club; Wayne Christie for the Beef Club; Bob Hurl for the Grain Club and Janet Leslie and John Campbell as alternate winner from the judging competitions last year.
